Summary

I am a beginner web developer, with about three years of coding experience. I am a hard worker and problem solver, and I love to code.

Experience

I have been a member of the WV coding club for four years now, and I have excelled. I am currently completing a python development techdegree from the funding of the club. I also recently won first in the state of WV for website design at the 2022 WVFBLA convention.

Skills

Computer literacy, Python, Flask, SQLAlchemy, HTML, CSS
